Emerald[®] Rain Refresh[®] Coating

Formulated with Self-Cleaning Technology, Emerald Rain Refresh is our most innovative exterior architectural house paint ever. The 100% proprietary acrylic formula features a precision engineered polymer that promotes water beading, meaning dirt washes away upon contact with rain or water.

Over properly prepared surfaces, Emerald Rain Refresh is self-priming, with exceptional application qualities that require less effort to achieve superb results. Its excellent weathering properties and durability help deliver a just-painted look that lasts for years. We're confident that Emerald Rain Refresh will last for as long as you own your home (see Lifetime Limited Warranty on reverse side for details).

Available in a Flat, Satin and Gloss finish, with a complete range of exterior colors. Use on properly prepared aluminum, galvanized steel, concrete block, stucco, cement composition panels, steel, wood, and vinyl siding.

Can be tinted in VinylSafe[®] Paint Colors — allowing you the freedom to choose from 100 color options, including a limited selection of darker colors formulated to resist warping or buckling when applied to a sound, stable vinyl substrate. See VinylSafe[®] color palette for a list of colors that can be used.
